

DESCRIPTION

Create Visualizations with Qlik Sense, a scenario-based course, addresses the fundamentals required to enable you for self-service visualization and discovery. The course combines demonstrations and hands-on exercises to teach the essential concepts for designing beautiful and effective Qlik Sense visualizations and guided stories. Additionally, you will look in depth at the different visualizations and selecting the appropriate one for your data and the type of questions you need to answer. This course provides you with the opportunity to build Qlik Sense visualizations, create guided story-telling.

COURSE PREREQUISITES

Building an app tutorial (found under Tutorials in the online help of Qlik Sense Desktop)
