

Experience the sense of tomorrow!

With a clear focus on business intelligence, Informattec has established itself as a specialist consultant for bespoke implementation of comprehensive BI solutions for analysis, reporting and planning. The company from the Basel area, founded in 1998, is considered a BI innovator for sophisticated SME and major clients and counts leading companies among a continuously growing client base. The service range includes consulting, design and custom development, as well as implementation and training, maintenance and support.

Business Intelligence Engineer

Do you speak data?

As part of our growth strategy, we are looking for a highly-motivated and dedicated personality to complement our new Data Intelligence Hub in Lisbon, immediately or by agreement.

Your tasks

- Developing high-end BI solutions and high-quality support services for our customers
- Team-oriented work in the development of our standard BI solutions
- Supporting the BI team in Switzerland as part of our nearshoring strategy, with opportunity to work on selected projects abroad
- Implementation of fully managed BI Cloud Services (MSP) with AWS, Azure, etc.

Your profile

- Computer science education with academic degree (university, applied sciences or similar)
- Initial experience in the BI field (ideally with QlikView/Qlik Sense/Microsoft or similar)
- You understand data and speak SQL
- Prior knowledge in the field of SAP and BI products and/or Microsoft BI, AWS & Azure are a plus
- You are highly solution-oriented, have a focused approach towards challenges and wish to further your specialist knowledge
- Fluent in English (oral and written), German is an advantage

Location: Lisbon, Portugal

Our offer
