

QLIKVIEW DEVELOPER

DESCRIPTION

QlikView Developer is a must if you are building QlikView applications. Knowledge of the data model, creation of the proper data connections and scripting fundamentals are critical to creating QlikView applications that provide your organization with powerful business discovery tools. QlikView Developer provides you with an opportunity to learn by doing through a series of lectures and hands-on exercises focused on developing QlikView applications. Beginning with the QlikView environment and covering topics such as data modeling, synthetic keys and how to use the script editor, the Developer course will prepare you to take your QlikView applications to the next level. The course concludes with a business case where you can practice your skills in building a QlikView application from the beginning using identified key performance indicators.

NOTE

Informatec runs a Data Intelligence Academy (DIA) and offers different trainings. When purchasing a DIA Training Card, you acquire the right to participate at an Informatec course (Private or Public / Virtual or Classroom). DIA Training Cards are valid for 12 months from the date of purchase and can be used for any Informatec training at any training centre. The dates stated publicly are not binding and will only be held if the minimum number of participants is reached. There is no entitlement to delivery on the desired date. Informatec reserves the right to exchange its own DIA Training Cards with Qlik Training Cards with the same range of services. The prices of the DIA Training Cards are per person and per day, plus VAT. The invoice will be issued after the order has been received and is due independently from the date of the training. The Informatec [General Terms and Conditions](#) are valid.

Informatec organizes this training in cooperation with Qlik.
